We need a bigger hotel

Talking about games and space.

We are bumping up against people and not having the game slots. Warren tusk has a bunch of small games. Maybe we can connect people that are going to stay sunday night by facebook event or other situations.

### **Upcoming elections**

Nat B. expressed the desire to get the word out about upcoming elections for Intercon ConChair, NELCO Coordinator and NEIL President soon. (According to the bylaws, the annual meeting which includes the election of these positions, occurs on the Sunday eight days before Martin Luther King Day, which next year is January 10th.) Vik F. suggested preparing a description about the role of ConChair for the information of potential candidates.

ACTION ITEM: Prepare a proposal describing the role of Intercon ConChair. (Something more than "The ConChair is responsible for making the convention happen.")

### **NEIL Reorganization Proposal**

At the September 13 NEIL meeting, we accepted a set of principles for opening up NEIL proposals and actions to the larger community. Jaelen R. modified the working document and it was reviewed at the meeting.

ACTION ITEM- Dave fix the GM rights and responsibilities.

### **Adina preproposal addressing issues on bidcom**

Useful commentation. Room issues it's a thing is non-constrictive. There is a nice bidcom responsibilities document. Most diversity and quality games. Accept as many as possible and make sure players will enjoy it. Editing this document is a thing. There was an attempt to draw a line in the sand over bidcom's things.

There are needs for this. This can be fairly specific to the con in question.

Nat-B suggests that if we want to revise this document and make a workshop version.

Boffer experience, bring the boffer larps.

Change up the membership

Make the getting games thing a part of it.

Knowledge of the community game situation

Diversity in baudcom is a recruitment tool

Lesser known styles get objections that are unfair. Boffer.

We don't actually reject any games, pretty much  
Bidcom exists to catch legitimate problems so they can be addressed, not so they can be rejected.

Bidcom document is aspirational; right now we aren't in a position to really be evaluating things but it would be great if we eventually were. There is general feeling that, for the next convention, that the process needs to be revisited.

In the future, as Intercon grows, we'll need to improve and/or streamline the process.

At some point in the future, we need to arrange a "BidCom Constitutional Convention"--we need to do this ASAP, because bids for 'Q' are going to be accepted before 'P' and the issues are fresh in our minds.

Need to set up a meeting...date...date...date...January 10th is next NEIL meeting.

#bidcomcom on Slack is the place to discuss this between now and Jan 10.

### **Concom meeting?**

Nat will send out calls for reports from div heads at some point in December via both Slack and email (people can use whichever they prefer).

**Cameron - explicit mechanics descriptions for the bid form**

**Dave - getting a bunch of people together to make room dividers before P**
